

Benefits of Membership

The Minnesota Mechanical Contractors Association is pleased that you have taken the time to explore our website and want to know more about why a contractor or business would want to join our organization. MMCA is a member driven organization with a full-time staff designed to lead and direct our industry. MMCA and its predecessor organizations have been in existence for over 100 years and offers you the following services.

Represents contractors through:

- Labor relations matters, including labor negotiations
- Apprenticeship committees
- Forming training programs for journeymen and apprentices
- Shaping Legislative Laws and Rules on the local, state, and national levels
- Various code committees
- Maintains relationships with government agencies (Labor & Industry, Building Inspectors, etc.)
- Provides liaison with architects and engineers
- Regular membership meetings provide a forum for discussing industry problems Publishes a monthly newsletter to explain developments that affect all levels of the industry
- Promotes the industry through volunteer events
- Provides trustees for fringe benefit programs
- Offers management seminars on a variety of subjects
- A close liaison with other contractor associations
- A clearinghouse for information and a place for contractors to call to register their opinions, voice their concerns, and request help on industry problems
- Develops special labor agreements reflecting customers' needs
- Provides access to a group health and welfare plan for office employees
- Maintains an experienced, full-time staff to implement the directives of the Board of Directors
